

# Information Communication Technology Traineeships

## Are you an Aboriginal or Torres Strait Islander and interested in a Information Communication Technology Traineeship?

Two opportunities exist to complete this traineeship at Latrobe Regional Health, starting in April 2024.

**Earn money whilst you study!** This traineeship offers you 32 hours of work (3 days) per week, and 16 hours (2 days) of dedicated study for 12 months at Gipps TAFE Yallourn Campus. Upon completion, you will receive a nationally recognised qualification!

### What will this Traineeship give you?

**Mentorship:** Receive guidance and mentorship from experienced ICT professionals, and our Aboriginal and Torres Strait Islander Employment Project Officer.

**Career Development:** Explore various aspects of ICT and lay the foundation for a successful career.

**Cultural Inclusivity:** Embrace a supportive and inclusive environment that respects and values your cultural identity.

**Learning and Development:** In classroom learning at Gipps TAFE, with supportive teachers

**Hands on Experience:** On the job training, with real Information and Technology experience at LRH's very own ICT department.

### What does hands on experience look like?

- Service desk enquiries, triaging calls and troubleshooting.
- Assisting LRH staff members with their IT inquiries.
- Learn basic computer skills.
- Supporting various ICT teams sites across Gippsland region.
- Assisting with large scale projects.

### Apply now, If you are:

- Aboriginal or Torres Strait Islander
- Reliable and responsible, with the ability to work as part of a team
- Open to undergoing and successfully passing a police check
- Basic computer skills
- Enthusiastic about helping the Gippsland community
- Committed to learning and achieving the requirements of Cert 3 in Information Communication Technology
- Fully vaccinated against COVID-19
